On appelle ce sens dénoté par la racine le sens référentiel, lexical, littéral ou cognitif d'un mot, mais dans certains cas il est difficile d'établir une relation logique entre les mots et ce qu'ils désignent. On n'exclut par une telle relation à l'origine de l'appellation, mais le sens originel d'un mot est très souvent extrêmement difficile à établir et il est facile pour les étymologues de se perdre en conjonctures dans les méandres historiques »
